COMMENTS: I'm writing in behalf of A&M cement for there permit. I have been on the corner of Swingle and Dongeal for 41 years since I was 8 years old the 5 acers that Alfredo Mejia has bought for \$150.000 has been a farm when I was a boy then was a city of Houston storagelot and then a junkyard and till Mr. Mejia bought it it was a dumping ground for tires trash and stolden cars.He has cleaned up that 5 acres plus the 5 acres next to him as well now we have control of the rats and theres no more snakes that was at my property and at my mothers home . I own 4 lots next to the where the plant is to be built and so dose my mother and there is 11 property owners that are closest to the plant that we want the plant. This plant will bring tax dollars for the city and state the state will over see the permit at this plant and I'm sure that it will be up to code and the state can enforce the laws that cover it. Please do not let Shamrock Manor miss lead the board that there are \$250.000 homes there thats not true theres not one \$250.000 home.Google 3900 Swingle and you'll see that this property is sided by 3 junkyards and at the same drive to A&M cement do not even have manhole covers in fact there hasn't been any for 5 or 6 years that should let the board see that this Shamrock Manor Civic Club is only a hand few of people out of 210 property owner that don't want the plant. The 2 people that are out to shut this down are more than 1/4 away.. Thank you for your time and help to see that the state and Mr. Alfredo Mejia bullied from behind the face of the public...The city is over the line sending letters to the board on this matter...
